Joint Action on Increasing Capacity building of National Focal Points

Welcome to the JA NFP4Health website

The purpose of this website is to provide stakeholders with a valuable set of information and sources and news about the JA NFP4health progress and its concrete support in the implementation of the EU4health Programme.

This website also serves as a virtual environment that allows applicants and beneficiaries of the EU4health Programme to find practical tools and build synergies with health-related strategies, topics and initiatives.

The Joint Action on increasing the capacity building of national focal points (NFPs) – NFP4Health funded by the third Programme for the Union’s action in the field of health (2014-2020), aims at creating an innovative, sustainable, and coherent network of National Focal Points that will increase the capacity of Member States to design and create sustainable actions to promote the achievement of the health objectives for the period 2021-2027.
