Manager for Horizon Europe projects – Bioeconomy and Food Systems sector

Are you looking to a career in a Bioeconomy and Food Systems Sectors? We would love to hear from you!

APRE is seeking a highly motivated and experienced professional to join the Projects Department team in Rome as the Project Manager. The successful candidate will be responsible for leading Bioeconomy and Food Systems projects, ensuring synergies and engagement at the local, National and European level.

WHAT IS APRE?

APRE is a non-profit membership organisation that supports and promotes the Italian participation to EU programmes for research and innovation. It brings together a large part of public and private players of the Italian R&I landscape - more than 150 members among universities, research centres, industries and trade associations. APRE is the host organisation of Italy’s Horizon Europe National Contact Points. Know more: https://apre.it/en/homepage/

KEY RESPONSIBILITIES INCLUDE:

• Coordination and management of the project activities, such as stakeholders mapping and engagement.
• Collection, interpretation, and analysis of qualitative and quantitative data, including data visualization.
• Planning and organisation of webinars, workshops, conferences, co-creation and communication and dissemination activities.
• Drafting of policy briefs, reports, and peer-review publications.
• Development of stakeholder networks and communities.
• Maintain relationships with project partners, and with similar projects consortia.

QUALIFICATIONS:

• Proven experience in European projects (Horizon2020, Horizon Europe especially).
• Project management skills, with the ability to coordinate and lead European partners.
• Good knowledge of the bioeconomy and food system sectors in the EU.
• Good knowledge of participatory processes and stakeholders engagement.
• Good knowledge of research & innovation, financing, and environmental policies in the EU.
• Strong interpersonal and networking skills.
• Willingness to travel within Europe.
• The ideal candidate will have a minimum of 1 year of experience in a similar role, with a bachelor's or master's degree in economics and similar or biology and similar.

LANGUAGE: Excellent written and verbal communication skills in English (C1 minimum)

WORK LOCATION: Rome, partial hybrid formula.
