a Cristina, Francesca, Ccn: me

Buongiorno,

sulla base degli interessi manifestati nell'ambito del Servizio Informazione Mirata, vi segnaliamo che il Cluster Tecnologico Nazionale Blue Italian Growth (CTN-BIG), la Stazione Zoologica Anton Dohrn (SZN) e APRE – Agenzia per la promozione della Ricerca Europea, hanno organizzato, in collaborazione con il Ministero dell'Università e della Ricerca (MUR) e il Ministero delle Imprese e del Made in Italy (MIMI), una **sessione di approfondimento** per la **nuova partnership "A climate neutral, sustainable and productive blue economy Partnership" (SBEP)**.

L'evento si terrà, in **modalità ibrida,** il prossimo **12 gennaio 2023**, **dalle 14:00 alle 17:00**, presso la Sala Conferenze della Stazione Zoologica Anton Dohrn di Napoli ed on line.

PRESENTAZIONE DELLA SUSTAINABLE BLUE ECONOMY PARTNERSHIP (SBEP)

Giovedì 12 Gennaio 2023 ore 14:00-17:00
Sala Conferenze, Stazione Zoologica Anton Dohrn, Napoli

Pros: efficient dissemination of SBEP vs Universities vs Researchers

Cons: none

The FAMOS Candidate Project Experience

January 2023

December 2022

25 January 2023

SBEP kick-off meeting, Roma

Pros:

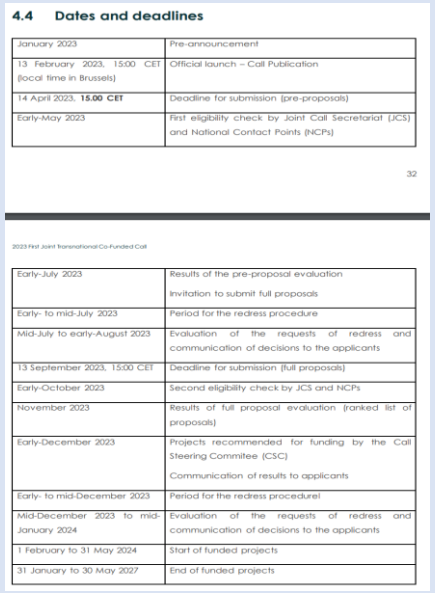
- Very good explanation of SBEP mission and objectives of the incoming 1st call
- The sharing of video recording and PDF of presentations was much appreciated

Cons:

The SBEP web site was not yet fully operational, thus the video recording and PFD presentations were shared through temporary links

Bando 2024 nel partenariato co-funded SBEP, Cluster 6

The FAMOS Candidate Project Experience



4.4 Dates and deadlines

January 2023	Pre-announcement
13 February 2023, 15:00 CET (local time in Brussels)	Official launch – Call Publication
14 April 2023, **15.00 CET**	Deadline for submission (pre-proposals)
Early-May 2023	First eligibility check by Joint Call Secretariat (JCS) and National Contact Points (NCPs)

32

2023 First Joint Transnational Co-Funded Call

Early-July 2023	Results of the pre-proposal evaluation Invitation to submit full proposals
Early- to mid-July 2023	Period for the redress procedure
Mid-July to early-August 2023	Evaluation of the requests of redress and communication of decisions to the applicants
13 September 2023, 15:00 CET	Deadline for submission (full proposals)
Early-October 2023	Second eligibility check by JCS and NCPs
November 2023	Results of full proposal evaluation (ranked list of proposals)
Early-December 2023	Projects recommended for funding by the Call Steering Commitee (CSC) Communication of results to applicants
Early- to mid-December 2023	Period for the redress procedure!
Mid-December 2023 to mid-January 2024	Evaluation of the requests of redress and communication of decisions to the applicants
1 February to 31 May 2024	Start of funded projects
31 January to 30 May 2027	End of funded projects

December 2022

January 2023

February 2023

February 2023

13 February: first Joint Transnational CoFunded Call opens

Pros:

- The tow-phase call process: 1) pre-proposal (5 pages) 2) full proposal (16 pages) was much appreciated
- All the relevant information and the Key dates were clearly reported

Cons:

The info day was held the 24th March, close to the call deadline, 14th April

- February 2023
- January 2023
- December 2022

March 2023

17th March the seed of FAMOS consortium was planted

Re: JPI Oceans call

Lorenzo Cappietti <lorenzo.cappietti@unifi.it> ven 17 mar 2023, 18:03
a Constantine, zhiyu.jiang

Hi Constantine,
thank you for your nice proposal
I was aware of this call and I considered applying but I faced time constraints considering I'm in the middle of the teaching semester.
So, joining our efforts in a common project can certainly help in respect to my time constraint. So, I'm very interested in joining this consortium.
About the coordination, as I said my time is quite limited so if a different coordinator is available I'll be more than happy to let him act as it.
If not, I might act as coordinator but I need a very substantial help from the team.
Keep in touch and let me know.
Ciao
Lorenzo

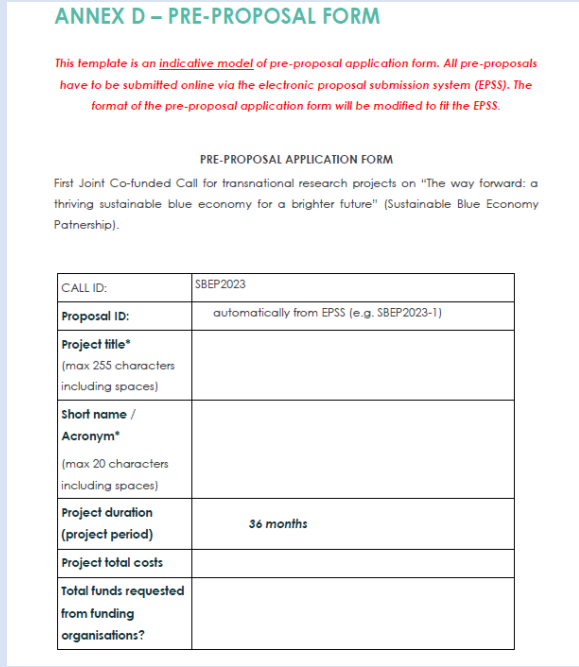
Lorenzo Cappietti
Professore Associato
+39 055 2758640

Pros:

- The FAMOS seed was already available thanks to research collaborations already established in previous research project

wecanet

- 22nd March: registering and working in the EPSS for project submission was very straightforward



ANNEX D – PRE-PROPOSAL FORM

This template is an indicative model of pre-proposal application form. All pre-proposals have to be submitted online via the electronic proposal submission system (EPSS). The format of the pre-proposal application form will be modified to fit the EPSS.

PRE-PROPOSAL APPLICATION FORM

First Joint Co-funded Call for transnational research projects on "The way forward: a thriving sustainable blue economy for a brighter future" (Sustainable Blue Economy Patnership).

CALL ID:	SBEP2023
Proposal ID:	automatically from EPSS (e.g. SBEP2023-1)
Project title* (max 255 characters including spaces)	
Short name / Acronym* (max 20 characters including spaces)	
Project duration (project period)	*36 months*
Project total costs	
Total funds requested from funding organisations?	

Cons:

None

January 2023

December 2022

Lorenzo Cappietti <lorenzo.cappietti@unifi.it>
a Georgios, Constantine, Zhiyu, Aleksandra, Cristina

Dear Colleagues,

mission accomplished. The project has been submitted.

You can find attached the PDF file of the submitted proposal.

I'm honoured to have worked with you and I'm proud of the collaborative work we have done.

So, as it is used to say in similar occasions:

- fingers crossed ;-)

Ciao

Lorenzo

April 2023

The FAMOS consortium was established

The pre-proposal was developed

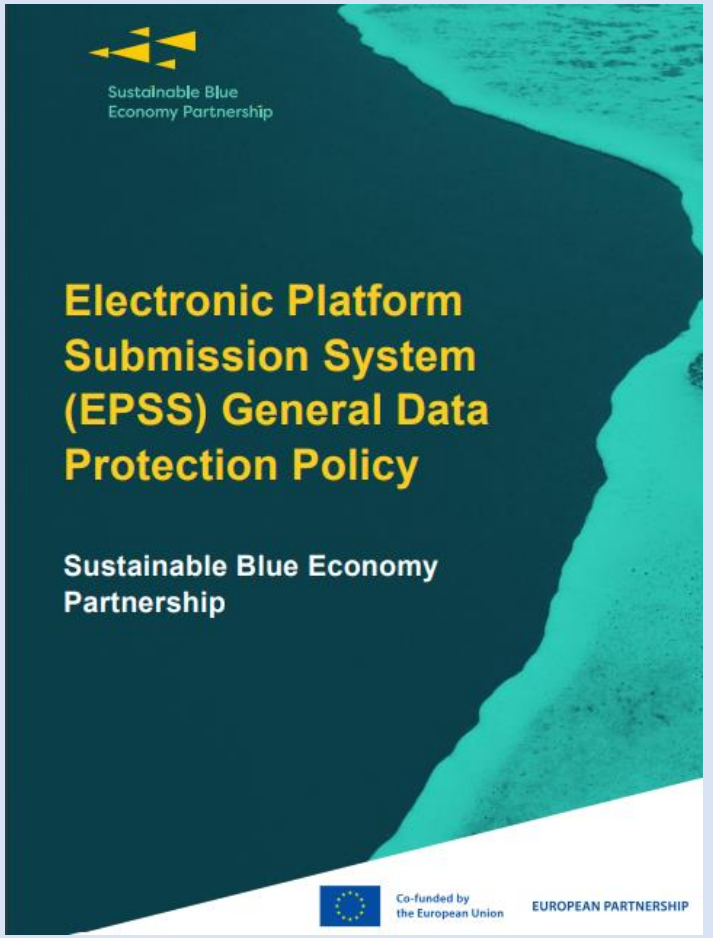
14th April: the pre-proposal was submitted

Pros:

- Very good team working. Fundamental role of UNIFI international office and UiA proofreading office.
- Very good EPSS for project submission

Cons:

It would have been better if the companion submission procedure in the national platform was not necessary



The FAMOS Candidate Project Experience

July 2023

April 2023

March 2023

February 2023

January 2023

December 2022

July 2023

11th July: the evaluation of the pre-proposal was done

Pros:

- The deadline declared for the revision of pre-proposal was respected
- The revision report provided clear and useful suggestions both in term of scientific (past projects) and administrative aspects (eligibility)

Cons:

The deadline for the full proposal was 13th September thus the effective working period was affected by the summer holidays

- March 2023
- February 2023
- January 2023
- December 2022

September 2023

13th Sept: the full-proposal was submitted

Pros:

- Most of the of the data upload in the EPSS pre-proposal was automatically included in the EPSS full-proposal
- Very good team working. Fundamental role of UNIFI international office and UiA proofreading office.

Cons:

It would have been better if the companion submission procedure in the national platform was not necessary

December 2023

15th Dec: the evaluation of the full-proposal was done

Pros:

- The deadline declared for the revision of the full-proposal was respected
- The revision report provided clear and useful suggestions

Cons:

None

Sustainable Blue Economy Partnership's first Joint Transnational Call

Full proposal evaluation SBEP2023-598 (FAMOS)

Dear Lorenzo Cappietti,

The Sustainable Blue Economy Partnership (SBEP) Joint Call Secretariat, on behalf of the Call Steering Committee, wishes to thank your participation in the Call with the submission of the proposal SBEP2023-598 (FAMOS)

We are pleased to inform that **this proposal has been recommended and selected for funding**. The selection was based on the scientific evaluation of the proposals by an international evaluation committee and on budget availability.
