Sondaggi su rafforzamento ERC e di onboarding di ERC grantee

ERC IN ITALY

Come rendere l’Italia attrattiva?

Come rendere l'Italia attrattiva?

Non ancora ERC competitivi: bene bandi di rafforzamento ERC (es FIS, Cariplo, AIRC)

Come rendere l'Italia attrattiva?

Quasi ERC competitivi: bene FIS, manca cofinanziamento per eccellenze EU (es ERC «A», SoE sulla MSCA)

Come rendere l'Italia attrattiva?

ERC winners: molto bene cofinanziamento MUR per stabilizzazione, e bandi Cariplo

Come rendere l'Italia attrattiva?

manca un sistema credibile che consenta di restare competitivi:

- continuità di regole (es AdR per ITN, onboarding per extra EU) e di finanziamenti (es PRIN, FIS, FISR)
- un'agenzia esecutiva che spenda i finanziamenti erogati da vari enti, con panels di valutatori indipendenti
